THE BIG 5

Robert Craig Films is deeply committed to creating more awareness and positive change to the homeless crisis in America. That's why we decided to produce more than just the movie *No Address*, but we also produced a documentary on this nationwide epidemic entitled *Americans With No Address*, and a novel *No Address*, and a study guide *No Address: An Interactive Study Guide* and the *No Address Soundtrack*. All five productions will bring significantly more attention to the problem than just a movie.

We are also donating 50% of the net profits* from The Big 5 productions to nonprofit organizations nationwide that are working to combat the homeless crisis within their communities.

THE BIG 5 GIVEBACK

**Distributors, SAG, investors, other participants and the sales agent will take their disbursements. The remaining amount will be 100%. Of that, 50% will go to profit participants and 50% to Robert Craig Films. Of this portion that goes to Robert Craig Films, they will donate half to the nonprofit participants approved for The Big 5 GIVEBACK.*

Americans With No Address

Our production team embarked on a dangerous cross-country mission to witness and film a documentary on the homeless crisis in America. We learned that fentanyl, PTSD, mental issues and alcohol addictions play a big role in this tragic human epidemic. Amidst this turmoil, our team found hope and solutions that could virtually end homelessness.

The producers of the feature film *No Address* wanted to have a better understanding of what homelessness truly looks like across the U.S. They were interested in learning more about what solutions have been implemented and proven to show positive change in the communities they visited and ultimately produced their findings in their documentary *Americans With No Address*. The Robert Craig Films team embarked on this bus tour over a span of three weeks, visiting 20 major cities across 18 states to create the documentary.

Cinematographer

The team interviewed policy leaders, mission directors, clinical specialists, CEOs of national nonprofits, executive directors of local and regional nonprofits, influencers, those who had experienced homelessness, and those who were still struggling. Trauma, mental health, substance abuse, lack of affordable housing, and economics are all factors for the drastic increase in homelessness in our country.

THE NO ADDRESS NOVEL

Based on the critically acclaimed dramatic movie, which is inspired by true events, *No Address* shows how homelessness could happen to anyone.

THE INTERACTIVE STUDY GUIDE

OUR COLLABORATIVE
SOLUTION TO REDUCE
HOMELESSNESS

[ORDER ONLINE](#)

Our goal has always been to use the power of film to inspire action. The *No Address: An Interactive Study Guide* coincides with the feature film *No Address* and will literally save lives and improve communities, as it provides practical ways for individuals and groups to reduce homelessness

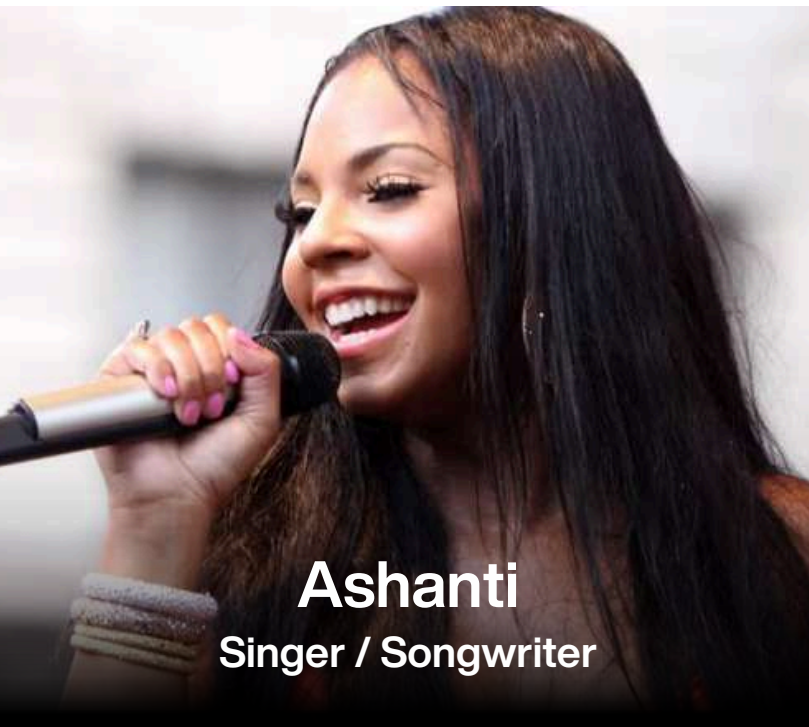

Homelessness has become a crisis because most people fail to understand the interlocking issues of homelessness, untreated mental illness, and addiction, as well as PTSD, domestic violence, and sex trafficking. It is impossible to honestly address and solve homelessness if we do not take into consideration the real root causes of homelessness

THE SOUNDTRACK

Through our expanded effort to bring awareness to the national crises of our growing homeless population, we have partnered with award-winning artists, writers, and producers to create the *No Address* soundtrack. The music will be included in the feature film, documentary, and radio distribution.
